

TRANSITION2WORK[®]

by **ReEmployAbility**

2020 PROGRAM RESULTS

Transition2Work improves workers' compensation outcomes by connecting injured workers with nonprofits for meaningful transitional duty. By combining business and community, our return to work solutions help control the rising cost of claims while positively influencing the lives of injured workers and contributing to the community.

2020 had unique challenges for many businesses and non-profit organizations. ReEmployAbility adapted by expanding the Work from Home program to continue to provide successful outcomes for our clients and partners.

Our annual program results highlight the impact to all - the injured employee, the community, employers, and carriers!

Success

Since its inception, Transition2Work has a 99% success rate in securing an assignment

Savings

Employers and carriers realize an average indemnity savings of more than \$4,150 per claim referred

Outcomes

60% return to work, reach MMI, or resolve their claim

Participation

55% of employees referred to the program participate in an assignment

“ Please do what you can to continue this program. It was what I needed when I needed it. It kept my mind and body busy during a difficult time, and I met some wonderful people who are now dear friends. Thank you for your part in making this really great experience happen. ”

TOGETHER, WE IMPACT COMMUNITIES

ReEmployAbility connects people to a greater purpose so they can have a better life. Along with supporting their local nonprofit organizations, participants in the Transition2Work program continue to receive income, easing the strain on family finances. Providing the Transition2Work program shows employees they are valued and their company cares about their health and well-being. When an employee participates in a Transition2Work assignment, they make a substantial impact on the community where they live.

WE LEAD WITH INNOVATION

As an industry leader, ReEmployAbility expanded its Work from Home or Employer Worksite program in response to the changing marketplace dynamics due to the COVID-19 pandemic. In 2020, the program doubled in usage and currently serves employees across 15 various industries. The program offers a variety of opportunities that are aligned with the language, capabilities, and technological proficiency of our Transition2Work participants. It ensures meaningful and safe return-to-work for injured workers as the country manages the impact of the pandemic.
